What do you list most about participating in the activities that you are involved in? Its like a second family, everyone is always pushing you to do better. I love working hard everyday and helping my teammates be positive and also grow as players.

What motivates you to do your best? I am very competitve so I like to do my best all the time. This motivates me to do better and better everyday. My teammates help motivate me because its a team sport so we all need to work hard and try our best.

Who is your role model and why? My family, they are always pushing to do as great as I can. They are always supporting me in any ways they can. No matter what they will be there for me wether or not I did good that day or not. I do it all for them.

What advice would you give to other students especially students in elementary and middle school? Try your best. Your not going to be perfect, no one is. No matter what, someone will be there for you so just keep pushing through. Never give up on your dreams!

What makes you a good teammate for the sport/activity that you are involved in? I always try to find the postives. Like Ted Lasso once said "be a goldfish". At the end of the day I know not about the outcome of the game its how much effort we put into it. I just like to be encourigning and make people feel their worth.
