

Dear NRHEG Elementary Families,

Thank you for your virtual attendance at our parent-teacher conferences which were held this week on Tuesday and Thursday evenings. While our format for conferencing was different this year, the opportunity to talk about your child, their strengths and challenges remained the same. My hope is that you found it worthwhile and encouraging.

At this Thanksgiving season I would like to take a moment to express how grateful I am to be a part of the NRHEG Elementary School Family. Without a doubt, this has been one of the most challenging years in my 36 year educational career. However, listed below is also what I have witnessed this year.

Our students are compassionate, curious and thoughtful learners and in their own unique way they contribute to what makes this an amazing school. The COVID-19 experience has been challenging, but they have been troopers!

Our elementary staff is second to none in their commitment to our students. Late hours, weekends, and early days all reflect their passion for bringing the very best for our students.

Our parents, School Board, PTO and NRHEG Communities devote time, talent and resources to supporting our work with our students. This has always been noticeable, but is has been even more evident due to the challenges of this school year.

As we gather virtually with our family and loved ones in the coming week, I am especially thankful that each of you are a part of the NRHEG Elementary Family. I wish you a joyful, restful, and safe Thanksgiving.

Sincerely,
Mr. Anderson
