What do you like most about participating in the activities that you are involved in? I love being able to interact with different groups throughout all my activities. It's not only rewarding to be involved but it's also fun. I have built some of my closest friendships through my activities.

What motivates you to do your best? Knowing that you count on others and that others count on you is a huge motivator. I always push myself to do my best for not only me, but also my teammates!

Who is your role model and why? My role models are my parents. They support me no matter what I do and have taught me how important it is to get involved. They are the hardest workers I know and always push me to be the best version of myself.

What advice would you give to other students especially students in elementary and middle school? My advice is to join whatever activity that interests you! You aren't limited to just arts, or just sports. Don't be afraid to step out of your comfort zone and try new things!

What makes you a good teammate? I always try to see that the game and/or activity I am in is bigger than myself. I always try to work my hardest while boosting up my teammates. I wouldn't be able to do anything if it weren't for my teammates!
