

District Status Report

22 June 2018

2017-18 Report# 47

The purpose for the weekly Status Report is to communicate to members of the School Board important and meaningful information relevant to the business of the school district. The Report is available to the public on the school district's website. Please contact me at 417-2602 if you have any questions regarding information contained in the Status Report. I would also appreciate hearing from you on ways I can improve the Report and make it more meaningful and informative for you.

Dale

Our Mission

**Empowering students with
knowledge and skills to succeed.**

Our Vision

**To be the school district of choice, inspiring
excellence in academics, arts, and activities.**

Information – Communication -- Correspondence

1. News From Around the State and Beyond

Colo. district may pay some teachers a stipend

Helicopter parenting may harm children

Court: Maryland transgender student reaches settlement granting permanent access to boys locker room

2. Transportation Committee Met – The Transportation Committee met on June 18 and discussed the following items:

- Request to provide soccer transportation -- The committee reviewed the current practice of not providing transportation for soccer students participating in the coop with Waseca. This was the agreement when the District agreed to the coop. An additional driver would have to be added to transport up and back, and an additional van would have to be purchased. The committee did not make any final decision, and will plan to meet again in July to discuss further.
- Request to add a bus pick-up/drop-off in an Ellendale development – The committee approved an administration recommendation to add a bus pick-up/drop-off point in an Ellendale development that will have up to five new kindergarten students attending a daycare in the area. Safety concerns exist due to the lack of sidewalks in the development. The addition would be an exception to the Board’s policy as it is less than one mile from the Elementary School.

3. Facility Planning Task Force Update – Meeting #4 is planned for Monday, June 25 at 6:30 pm at the Secondary School and will focus on prioritizing categories that have been examined in the previous three meetings. A fifth meeting is scheduled for July 23, to assist with the development of the community survey. A sixth and final meeting will be held in later September or early October to examine the survey results and to develop a recommendation for the Board.
